SPORT PERFORMANCE

The Sport Performance Buckskin award’s primary aim is to:

- Encourage and recognise Buckskin Horses/ponies and their riders/drivers in equestrian activities and competitions generally outside the show ring (ie not ridden or halter show classes)

Because Buckskins performing in all sorts of equestrian activities are being recognised, then points will be given for both performing (i.e. completion of the course or event) and for placing in the event.

The major emphasis for the pints is for competing and for completing the event, with additional points for placings gained.

If the event is a **State** or **National** titles or a Special event (as defined by the NBS Inc Committee) **DOUBLE** placing points will be awarded.

Jackpots and Championships where an extra “event/class” is not ridden are not eligible for points.

The following performance activities and competitions are currently included for Sport Performance Buckskins. (this list may be added by the committee).
